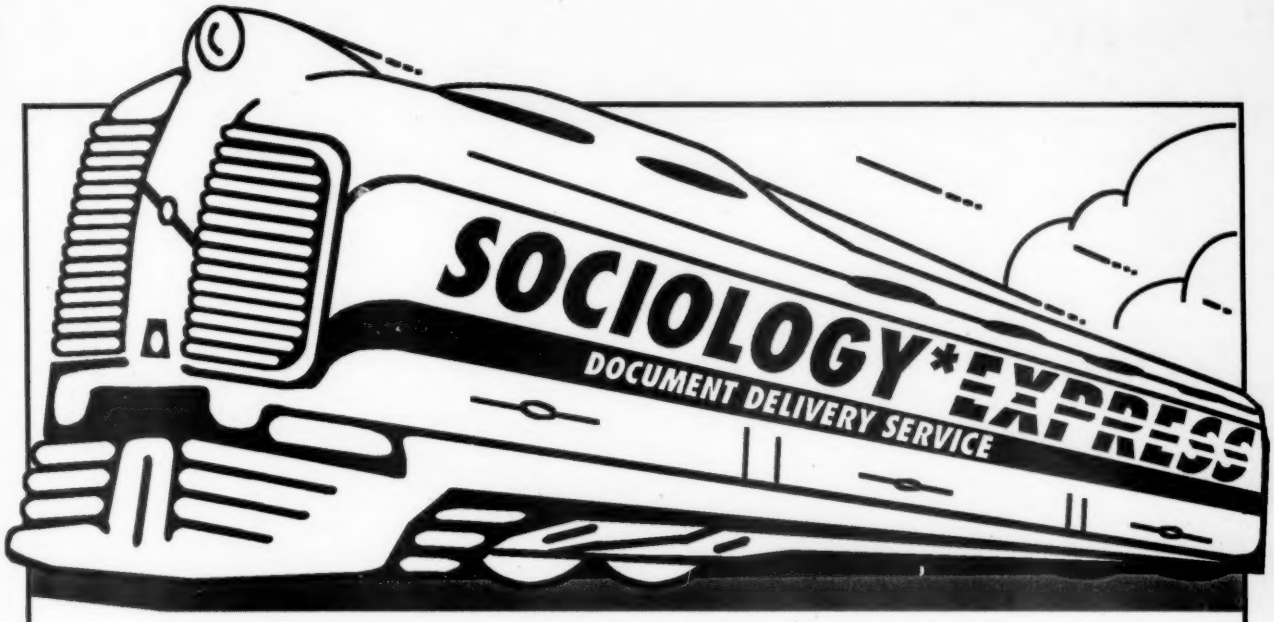
acknowledgments



Special thanks are due to the hundreds of scholars, professional sociologists, and student volunteers who prepare abstracts of their own or of their colleagues' publications and submit them for inclusion in **sa**. We wish to thank the program chairpersons and association executive officers for their aid and cooperation in the preparation of Supplements, which are produced on a tight schedule for distribution at the association annual meetings. And thanks also go to our staff, for their diligent efforts under deadlines, and to the staff of **Science Press**, for their help in the speedy production and shipping of our publications.

Our appreciation goes to the publishers who send us their journals gratis and to many editors who prevail upon their authors to supply us with detailed, informative abstracts of their articles.

introduction

This volume contains the cumulative indexes for all six issues of **sociological abstracts** (**sa**) Volume 41, 1993. Each issue consists of a body of abstracts of articles/papers published in the serial literature or presented at association meetings, classified into broad and narrow subject matter areas meaningful to sociologists and other social scientists. In Issue 2, these classifications were reorganized, reducing the number from 33 to 29 broad subject areas, and from 97 to 94 narrow areas.

Each of the five regular **sa** issues opens with a Table of Contents listing the classification areas under which the abstracts are organized. Following the classified abstracts section are a detailed subject index, an author index, and a source index listing the journals abstracted, with a bibliographic entry for each item. Also included in each **sa** issue is an issue of the **International Review of Publications in Sociology** (**IRPS**), containing bibliographic listings of book reviews and abstracts of books. The author and source indexes of **IRPS** issues 66-70 are merged into this Volume 41 cumulative index.

The sixth **sa** issue is the **Conference Abstracts Supplement** (**CAS**), in which the supplements of abstracts of papers presented at conferences during the year are bound (in 1993 , Volume 41, Supplements 171-172). Also included are a Late Arrivals section for abstracts that arrived after completion of the supplements, and author and subject indexes for all entries, which are merged into this Volume 41 cumulative index.

Each **sa** abstract or bibliographic listing is given an accession number, preceded by an alpha character identifying the type of document (abstracts of journal articles, books, or conference papers, and bibliographic listings of book reviews).

A list of the documents included in **sa** Volume 41 and their accession numbers follows.

(a) The Serial Literature

There are 12,489 abstracts from the published serial literature and citations of dissertations (selected from Dissertation Abstracts International). In issues 1-2, each bears a four-digit accession number with an upper case alpha prefix. (Volume 2 of **sa** began with 0001.) In issue 3, this numbering system was changed to a five-digit number preceded by a two-digit representation of the year. The first abstract in Issue 3 is 9300001. Volume 41 contains the accession numbers listed here.

sa Issue Number	Accession Numbers
41/1	93Z3924 - 93Z6686
41/2	93Z6687 - 93Z9331
41/3	9300001 - 9302140
41/4	9302141 - 9304736
41/5	9304737 - 9307081

(b) Association/Conference Papers

There are 663 abstracts of papers published in **Supplement** Nos. 171-172 & in the Late Arrivals section of **sa** 41/6. Each abstract has been assigned a five-digit accession number prefixed with an upper case S. The first such accession number used was S00001 in **Supplement** No. 30, February 1973.

Supplement Number		Accession Numbers
171 (SSSP)	41/6	93S26634 - 93S26703
172 (ASA)	41/6	93S26704 - 93S27272
Late Arrivals	41/6	93S27273 - 93S27296

(c) Abstracts of Books & Book Review Bibliography

Since Volume 28, No. 1, citations have been included in the **IRPS** for all book reviews in core sociology serials and for all reviews in non-core serials that are written by, or would be of interest to, sociologists. Each citation bears a five-digit accession number prefixed with a lower case "a"; 7,420 citations are included in the **IRPS** issues for 1993. Also included are abstracts of 170 books, bearing five-digit accession numbers prefixed with a lower case "c."

(d) Dissertation Citations

The dissertation citations, encompassed within the main body of abstracts in each **sa** issue, include the order number as registered in *Dissertation Abstracts International*, A: *The Humanities and Social Sciences*, & C: *European Abstracts*. Purchases can be made by writing to: University Microfilms International, 300 Zeeb Road, Ann Arbor, MI 48106. Telephone (313) 761-4700.

The cumulative indexes are printed in the following sequence: Author Index, Source Index, Subject Index.

CUMULATIVE SUBJECT INDEX

This index contains subject entries for abstracts of the articles/papers published in the serial literature, dissertations selected from *Dissertation Abstracts International*, conference paper abstracts, and abstracts of books included in the **IRPS**. Each entry is followed by the accession number of the related document.

CUMULATIVE AUTHOR INDEX

This index contains five types of authors: those whose articles are abstracted from the serial literature (see construction of accession numbers on page iv), authors who read papers at an association/conference meeting (letter prefix S followed by a five-digit number), authors of books and of book reviews (letter prefix "a" followed by a five-digit number), and authors of books abstracted (letter prefix "c" followed by a five-digit number).

CUMULATIVE SOURCE INDEX

This index lists all serials, with their addresses, from which abstracts have been published in Volume 41. The complete list of serials that **sa** screens is presented in the **User's Manual**, which is updated every three years.

Effective with Volume 30, the extent of coverage of the content of each journal listed is identified: *Fully covered* - every article, research note, and book review that appears in the journal is abstracted or cited; *Partially covered* - a selection of relevant articles, research notes, and reviews are abstracted or cited; or *Infrequently covered* - a designation used for serials which seldom carry materials pertinent to our field of interest. The designations are: *SA-F, SA-P, SA-I.*

The same information is presented for **sa**'s sister publications - **Social Planning/Policy & Development Abstracts (SOPODA)**, and **Linguistics and Language Behavior Abstracts (LLBA)**.

The abstracts and book reviews published from a given serial are listed immediately under the title and address of the serial, in sequential page order, with a complete bibliographic entry, followed by the **sa** accession number.

The abstracts of papers presented at association meetings are listed under the name of the association, ordered by accession number (letter S followed by five digits).
